Email: kipp.benjamin@outlook.com

Phone #: 732-829-2702

Address: North Prince George, VA 23860

OBJECTIVE

Experienced and versatile Full Stack Developer with over 4 years of hands-on experience in web development. Proficient in a wide range of technologies, designing, implementing, testing, troubleshooting, and maintaining complex software solutions. Adept at collaborating with cross-functional teams to deliver high-quality solutions within tight deadlines. Seeking a challenging role to leverage my expertise in web development, contribute to innovative projects, and further advance my career.

EXPERIENCE

Owens & Minor

Full-Stack Developer II | Mechanicsville, VA | 09/2022 – 03/2024

- Built custom React hooks and leveraged a variety of JavaScript tools and libraries.
- Developed and maintained responsive web applications using React for frontend and C#/.Net for backend.
- Collaborated with cross-functioning teams, including back-end developers and QA to implement new features and resolve bugs.
- Led the development of a UI feature that improved user engagement by 15% resulting in increased customer satisfaction and retention.
- Ensured code quality, performed code reviews, provided feedback, and collaborated with developers on the team.
- Collaborated with project managers to meet deadlines, estimate, and prioritize tasks.
- Developed API endpoints leveraging Azure functions in .Net while utilizing RESTful APIs.
- Translated business requirements into software solutions.
- Optimized application performance through code refactoring and implementing best practices in HTML CSS and JavaScript.

Carlutz

Front-End Developer | Richmond, VA | 05/2021 – 06/2022

- Designed, developed, tested, and maintained responsive web application using React, while decreasing the error rate percentage by 15%.
- Conducted code reviews and mentored junior developers, which enhanced knowledge transfer and team growth.

- Contributed to agile best practices to produce on-time deliverables.
- Collaborated with UI/UX designers to translate design mockups into interactive web interfaces, ensuring seamless user experiences.
- Leveraged Next.js routing, rendering, and data fetching features to enhance application performance.
- Implemented responsive design principles by leveraging CSS libraries enhancing the user experience across various devices.

AMC Technology

Software Engineer | Richmond, VA | 06/2020 – 05/2021

- Integrated third-party APIs to enhance application functionality leveraging C#, .NET, and Azure functions.
- Performed code reviews and collaborated in peer programming with developers to enhance team growth.
- Developed UI features using React and Angular for various projects that integrated CTI and CRM applications.
- Enhanced browser compatibilities while also increasing the interactivity rate for end users by 10%.
- Worked closely with product managers to gather requirements and translate them into technical specifications, ensuring alignment with business objectives.

EDUCATION

Bachelor's Degree | Purdue University Global

Computer Science | IT

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, TypeScript, C#

Frameworks/Libraries: React, Angular, Redux, Zod, React Hooks, Next.js

Backend Technologies: Node.js, JSON, Express.js, .NET

API Development: RESTful API

Version Control: Git, GitHub

Responsive Design: Bootstrap, Material UI, CSS Grid, Flexbox, Chakra UI, Semantic UI, UI/UX.

Testing: Jest.

Computer Science: Data Structures and Algorithm design, complexity analysis, object-oriented programming.

Project Management: Agile Methodologies, Miro

SOFT-SKILLS

- Strong Customer Service Skills
- Hands-On Troubleshooting
- Excellent Communication Skills
- Software tools and terminology
- Organized and Detail Oriented
- Team Player
- Goal-Oriented
- Leadership Skills
- Problem-Solving
- Fast Learner
